

Con i suoi 6.000 pannelli fotovoltaici, Blasetti è in grado di generare annualmente 2.500.000 Kw per garantire una produzione industriale rispettosa dell'ambiente in quanto l'energia che viene prodotta non genera nessun tipo di inquinamento.

I quaderni Blasetti sono testati e approvati dall'Associazione Federativa Nazionale Ottici Optometristi. I prodotti che riportano questo marchio rispondono a caratteristiche di compatibilità ed adeguatezza optometriche per favorire una corretta visione.

Prosegue la partecipazione alla campagna per la tutela dei prodotti fabbricati in Italia da aziende nazionali. L'acquisto di un quaderno Blasetti rappresenta una scelta di garanzia e qualità nel rispetto delle normative sul lavoro e della salvaguardia ambientale a sostegno della nostra economia.

Il marchio della gestione forestale responsabile

Blasetti vanta le principali certificazioni a garanzia della qualità e della gestione responsabile delle materie prime. Oltre ad FSC®, marchio che identifica carta proveniente da foreste gestite secondo i più rigorosi standard ambientali, Blasetti ha scelto di certificarsi PEFC e, per il sistema di Gestione Qualità, EN ISO 9001:2015, EN ISO 14001:2015 e ISO 45001:2018.
